

Year 11: GCSE revision

NATIONAL
CHURCH OF ENGLAND
ACADEMY

Mock exams in English, maths & science

- Do you know precisely what you did well and what you need to improve in each of the mock exams?
- For what you need to improve, make this a very specific revision focus;
- If it was a particular question, ask your teacher or go to the exams board website for further examples and practise these;
- If it was more an area of subject knowledge, use mind-maps, revision cards, etc to look back at it;
- Complete the mock again or the specific question/s using your notes.
