Art Design & Technology

How will the increase use of computer-controlled machines impact our lives? (Y7)

Will our current eating habits help or hinder the planet? (Y8)

What impact does creativity have on the way we interact with our built environment? (Y9)

What role do designers play on developing inclusivity? (GCSE)

To what extent do ethics impact design decisions?
(A Level)

Transition tasks – Healthy eating (Y7)

Yorkshire sculpture park (Y10)

London & Barcelona trip (KS4/KS5)

Spirituality relates to fundamental questions about the meaning and purpose of life. It is not dependent on religious beliefs. It includes the universal search for individual and communal identity. Spirituality is an innate human capacity. It is not about becoming more spiritual in a measurable sense. It is about realising or becoming more aware of our natural, innate spirituality. Students do not reach a finished state of spiritual development but participate in the ongoing process of spiritual realisation.
